

REMARKS

Claims 26-35, 40-44 and 48-52 are presented for prosecution in the present application.

First, concerning "claims 45-47," these claim numbers were inadvertently skipped through clerical error in the Amendment filed June 26, 2006. In other words, there were no claims between claim 44 at the bottom of page 9 of such Amendment and claim 48 at the top of page 10. To address this clerical error, and in compliance with MPEP 608.01(j) that bars renumbering of claims 48-52, the foregoing amendment indicates that claims 45-47 have been "canceled."

Turning to the Office Action, claims 19-25, rejected over Miceli 6,523,709, have been canceled.

A Terminal Disclaimer accompanies this Amendment to obviate the double patenting rejection over application 10/799,115.

It therefore is believed and respectfully submitted that all claims 26-35, 40-44 and 48-52 remaining in the application are allowable at this time, and favorable action is respectfully solicited.
